WHEREAS, the Plan does prescribe land use and street and traffic patterns which may require, among other things, the vacation of public rights-of-way, the establishment of new street and sidewalk patterns or other public actions; and

WHEREAS, this Board is cognizant of the conditions which are imposed on the undertaking and carrying out of a redevelopment project, including those relating to prohibitions against discrimination because of race, color, creed, national origin, sex, age, marital status or physical handicap; and

WHEREAS, in accordance with the requirements of Section 99.430 of the Statute, this Board advertised that a public hearing would be held by this Board on the Plan, and said hearing was held at the time and place designated in said advertising and all those who were interested in being heard were given a reasonable opportunity to express their views; and

## A. EXISTING CONDITIONS AND FINDINGS OF BLIGHT

### 1. DELINEATION OF BOUNDARIES

The 3100-3124 Morganford Road Area (the "Area") is situated between Arsenal and Hartford Streets. The Area encompasses approximately 0.3 acres in the Tower Grove South neighborhood of the City of St. Louis.

The legal description of the Area is attached and labeled Exhibit "A". The boundaries of the Area are delineated on Exhibit "B" (Project Area Plan).

## 2. GENERAL CONDITION OF THE AREA

The Area comprises the western end of City Block 5092, and includes an auto repair facility and several storefronts, some with apartments above. The Area is in fair to poor condition. The physical conditions within the Area are shown on Exhibit "B" (Project Area Plan). For the purpose of this Plan, fair condition means property that is generally structurally sound but suffers from inadequate maintenance and upkeep. Poor condition means (1) buildings that are structurally unsound and/or substantially deteriorated, requiring major improvements such as new roofs, windows, systems, etc., in order to be used productively, or (2) property without buildings which is poorly maintained, has crumbling pavement, and/or is used for open storage.

Unemployment figures, computed by the Missouri State Employment Service, indicate an 7.1% unemployment rate for the City of St. Louis as of February, 1991.. It is estimated that this rate is prevalent for residents of the neighborhoods surrounding the Area, although there are no residents within the Area.

There are currently approximately 6 jobs within the Area.

## 3. PRESENT LAND USE AND DENSITY OF THE AREA

Existing land use within the Area includes first floor retail, second floor apartments and an auto repair facility. The retail and residential units are partially occupied.

The land use, including the location of public and private uses, streets and other rights-of-way is shown on Exhibit "B".

## 4. PRESENT LAND USE OF SURROUNDING PROPERTIES

The properties to the south of the Area along Morganford are primarily commercial uses. Tower Grove Park is to the north. The uses to the east and west of the Area are primarily residential.

Residential density for the surrounding neighborhoods is approximately 21.2 persons per acre.

## 5. CURRENT ZONING

The Area is zoned "F" Neighborhood-Commercial District pursuant to the Zoning Code of the City of St. Louis which is incorporated in this Plan by reference.

## 6. FINDING OF BLIGHT

The property within the Area is partially unoccupied and in fair condition. The existence of underutilized and deteriorated property constitutes both an economic liability to the City of St. Louis and presents a hazard to the health and well being of its citizens. These conditions, therefore, qualify the Area as blighted within the meaning of Chapter 99 of the Revised Statutes of Missouri.

## B. PROPOSED DEVELOPMENT AND REGULATIONS

### 1. DEVELOPMENT OBJECTIVES

The primary objective of this Plan is to facilitate the development of the Area into productive neighborhood commercial uses with related parking and second floor residential.

The development activity proposed by this Plan contemplates rehabilitation for commercial and residential uses, and redevelopment of related parking.

### 2. PROPOSED LAND USE OF THE AREA

The proposed land uses for the Area are neighborhood commercial/residential uses permitted in Areas designated "F" Neighborhood Commercial District by the City of St. Louis Zoning Code. Redevelopers contracting with the Land Clearance for Redevelopment Authority of the City of St. Louis ("LCRA") to develop property in the Area (hereafter referred to as "Redeveloper") shall not be permitted to use said property for the following:

pawn shops, adult bookstores, x-rated movie houses, massage parlors or health spas, auto and truck dealers (new or used), storefront churches, pinball arcades, pool halls, secondhand or junk shops, tattoo parlors, truck or other equipment rentals requiring outside storage, blood donor facilities, free standing package liquor stores, check cashing centers, any use (except for financial institutions) that utilizes a sales or service window or facility for customers who are in cars, or restaurants that sell products to customers who are in cars or who consume the sold products in cars parked on the restaurant premises, or sell products through a sales window to customers who are in cars or to pedestrians outside the building for immediate consumption by the customer either on or off the premises, automobile service or stations, or automobile dealers (new or used).

Exhibit "C" (Proposed Land Use) shows the proposed uses for the Area.

### 3. PROPOSED ZONING

The zoning for the Area can remain "F" Neighborhood Commercial District. All land coverage and building intensities shall be governed thereby.

### 4. RELATIONSHIP TO LOCAL OBJECTIVES

The proposed land uses, zoning, public facilities and utility plans are appropriate and consistent with local objectives as defined by the General Plan of the City of St. Louis which includes the Central West End Historic District Plan and the "Comprehensive City Plan" (1947), the "St. Louis Development Program" (1973), and the "Economic Development Strategy" (1978). Any specific proposal to LCRA for development of the Area or any portion of the Area shall contain, among other things, adequate provisions for traffic, vehicular parking, safety from fire, adequate provisions for light and air, sound design and arrangement and improved employment opportunities.

### 5. PROPOSED EMPLOYMENT FOR THIS AREA

Approximately 3 to 5 new permanent jobs will be created if the Area is developed in accordance with this Plan. The exact number of jobs created will depend upon the specific nature of the proposed development.

### 6. CIRCULATION

The Proposed Land Use Plan (Exhibit "C") indicates the proposed circulation system for the Area. The layouts, levels and grades of all public rights-of-way may remain unchanged.

Rights-of-way changes will be subject to the review and approval of the City of St. Louis Department of Streets, and all vacations of rights-of-way are subject to approval by ordinance.

### 7. BUILDING AND SITE REGULATIONS

The Area shall be subject to all applicable federal, state and local laws, ordinances, regulations and codes, including but not limited to, the City Building Code, Zoning District Regulations, and stipulations of the Heritage and Urban Design Commission (HUDC) of the City of St. Louis. The population densities, land coverage, and building intensities of redevelopment shall be governed by the Zoning Code. No changes in the building codes or ordinances are required.

### 8. URBAN DESIGN

#### a. Urban Design Objectives

The objective is to create, through selective demolition and rehabilitation, an attractive, well landscaped complex with ground floor commercial uses, possible second story apartments and adjacent off-street parking.

**b. Urban Design Regulations**

Rehabilitation of retained existing structures shall result in the buildings generally approximating the original exterior finish, materials and colors, as well as, door, window and other building design features and details. If sealing of certain doors and windows is determined to be appropriate, the sealing material shall be recessed within the openings and compatible with the exterior finish materials and colors of the building.

**c. Landscaping**

The property shall be well landscaped. Perimeter street trees at least 2-1/2 inches in caliper shall be provided along Arsenal, Morganford and Hartford Streets, generally spaced 25 feet apart taking into account presence of street furniture, driveways, etc., and architectural detailing of structures. Special attention shall be given to distinctively landscaping the deep frontage along Arsenal Street.

Off-street parking shall be landscaped as noted in Section B9. Special attention shall be given to attractively and effectively buffering and screening and parking from adjacent residential properties.

**d. Fencing**

Fencing shall be ornamental metal with a black matte finish if it fronts onto a public street or right-of-way. For other locations on the property, distinctively designed wood privacy fences are acceptable. The specific height and location of fencing shall be respectful of the physical setting and design features of immediate and surrounding properties.

Each Redeveloper shall maintain all structures, equipment, paved areas, and landscaped areas controlled by the Redeveloper in good and safe order both inside and outside, structurally and otherwise, including necessary and proper painting. Failure to meet this requirement may result in suspension of tax abatement.

**9. PARKING REGULATIONS**

Parking shall be provided in accordance with the applicable zoning and building code requirements of the City, including HUDC standards. This will provide for adequate vehicular parking for the Area.

Surface parking shall not extend beyond the established building line and along public streets shall be buffered by a continuous evergreen hedge at least two and one-half (2-1/2) feet high on planting and maintained at three and one-half (3-1/2) feet high at maturity. Consideration should be given to include smaller sized or ornamental trees within the hedge row staggered with the perimeter street trees.

Three percent (3%) of the interior of all parking lots containing more than twenty-five (25) spaces shall be landscaped with trees, at least two and one-half (2-1/2) inch caliper in size on planting. The trees shall be planted on islands, the largest dimension of which shall be at least five (5) feet, surrounded by low lying ground cover or other plant material.

#### 10. SIGN REGULATIONS

All new signs shall be limited as set out in the City Code, HUDC stipulations, this Plan and contracts between the LCRA and the Redeveloper. A uniform signage plan must be prepared by the Redeveloper for the entire building. All new signs shall be restricted to those identifying the names and/or business of the person or firm occupying the premises.

New wall signs shall not obstruct any architectural building elements, shall be placed only on the fronts of buildings or on those sides of the buildings fronting on public or private streets, shall project no more than eighteen (18) inches from the face of the building, shall not extend above the second floor window sill of the structure, and the total sign area shall be the lesser of either one hundred (100) square feet or ten percent (10%) of the ground floor wall surface fronting on such streets. Only one sign per business per wall facing on a public or private street shall be permitted.

Canvas awnings with signs are permitted, provided they are compatible with the overall design and architectural details of the building upon which they are to be placed. Signage on awnings is limited to awning apron. In no case shall signage be allowed on both an awning apron and a building for the same business.

#### 11. BUILDING, CONDITIONAL USE AND SIGN PERMITS

No building, conditional use, or sign permits shall be issued by the City of St. Louis without prior written approval of the LCRA.

#### 12. PUBLIC IMPROVEMENTS

No additional schools, parks, recreational and community facilities or other public facilities will be required. Additional water, sewage or other public

utilities may be required depending on development. The cost of such utility improvements will be borne by the Redeveloper.

If funds are available to the LCRA, it may provide public improvements including, but not limited to, measures for the control of traffic, improvements to street lighting, street trees, and any other improvements which may further the objectives of this Plan.

When developed in accordance with this Plan, the Area will comprise a coordinated, adjusted and harmonious development that promotes the health, safety, morals, order, convenience, prosperity, the general welfare, efficiency and economy of the City.

#### C. PROPOSED SCHEDULE OF DEVELOPMENT

The implementation of this Plan shall take place in a single phase initiated within approximately two (2) years of approval of this Plan by ordinance and completed within approximately four (4) years of approval of this Plan by ordinance.

The LCRA may alter the above schedule as economic conditions warrant.

#### D. EXECUTION OF PROJECT

##### 1. ADMINISTRATION AND FINANCING

The LCRA is empowered by Missouri law to administer development of all types pursuant to this Plan and can do so to the extent and in the manner prescribed by the Land Clearance for Redevelopment Authority Law of Missouri.

All costs associated with the development of the Area will be borne by the Redeveloper.

Implementation of this Plan may be financed by funds obtained from private and/or public sources, including, without limitation, revenue bonds, bank loans, and equity funds provided by the Redeveloper.

##### 2. PROPERTY ACQUISITION

The Property Acquisition Map, Exhibit "D" attached, identifies all the property located in the Area. The LCRA may acquire, by exercise of eminent domain, any properties in the Area.

##### 3. PROPERTY DISPOSITION

If the LCRA acquires property, it may sell or lease the property to a Redeveloper who shall agree to develop such property in accordance with this Plan and the contract between such Redeveloper and the LCRA. Any property acquired by the LCRA and sold to a Redeveloper will be sold at not less than its fair value, as determined by an independent appraiser, for uses in accordance with this Plan.

#### 4. RELOCATION ASSISTANCE

The property within the Area is currently partially occupied. All eligible occupants displaced as a result of the implementation of the Plan shall be given relocation assistance in accordance with all applicable federal, state and local laws, ordinances, regulations and policies. In addition, timely notice of development activities shall be provided to all occupants.

#### E. COOPERATION OF THE CITY

The City of St. Louis and its Board of Aldermen, by enacting an ordinance approving this Plan, pledges its cooperation to enable the project to be carried out in a timely manner and in accordance with this Plan.

#### F. TAX ABATEMENT

A Redeveloper shall hereby be entitled to ad valorem tax abatement benefits for a period not to exceed ten (10) years from the commencement of such tax abatement. A Redeveloper may seek such tax abatement pursuant to Sections 99.700 - 99.715, Revised Statutes of Missouri, upon application as provided therein.

#### G. COMPLIANCE WITH AFFIRMATIVE ACTION AND NONDISCRIMINATION LAWS AND REGULATIONS

##### 1. LAND USE

The Redeveloper shall not discriminate on the basis of race, color, religion, national origin, marital status, sex, age, or physical handicap in the lease, sale or occupancy of the Area.

##### 2. CONSTRUCTION AND OPERATIONS

A Redeveloper shall not discriminate on the basis of race, color, religion, national origin, marital status, sex, age, or physical handicap in the construction and operation of any project in the Area and shall take such affirmative action as may be appropriate to afford opportunities to everyone in all activities of the project, including enforcement, contracting, operating and purchasing.

##### 3. LAWS AND REGULATIONS

A Redeveloper shall comply with all applicable federal, state and local laws, ordinances, executive orders and regulations regarding nondiscrimination and affirmative action, including the Community Development Agency Guidelines for Maximum Utilization of Minority Enterprises dated January 1, 1981, as may be amended, and the "Equal Opportunity and Nondiscrimination Guidelines" in Exhibit "E", attached.

#### 4. ENFORCEMENT

All of the provisions of this Section G shall be incorporated in a Contract between the LCRA and a Redeveloper, which agreement shall be recorded in the office of the Recorder of Deeds. The provisions of G (1) shall be covenants running with the land, without limitation as to time, and the provisions of G (2) shall be for the duration of this Plan and any extension thereof.

All of the provisions of Section G shall be enforceable against the Redeveloper, its heirs, successors or assigns, by the LCRA, the City of St. Louis, any state having jurisdiction or the United States of America.

#### H. MODIFICATIONS OF THIS PLAN

Where a proposed modification will substantially change this Plan, the modification must be approved by the St. Louis Board of Aldermen in the same manner as this Plan was first approved. Modifications which will substantially change this Plan include, but are not necessarily limited to, modifications on the use of eminent domain, to the length of tax abatement, to the boundaries of the Area, or other items which alter the nature or intent of this Plan.

This Plan may be otherwise modified (e.g. urban design regulations, development schedule) by the LCRA or PIEA, provided that such modification shall be effective only upon the consent of the St. Louis Community Development Commission. Changes which are not substantial are those that do not go to the crux of this Plan.

#### I. DURATION OF REGULATION AND CONTROLS

The regulation and controls set forth in this Plan shall be in full force and effect for twenty-five years commencing with the effective date of approval of this Plan by ordinance, and for additional ten (10) year periods unless before the commencement of any such ten (10) year period the Board of Aldermen shall terminate this Plan as of the end of the term then in effect, except as provided in Section G (4) of this Plan.

#### EQUAL OPPORTUNITY AND NONDISCRIMINATION GUIDELINES

In any contract for work in connection with the redevelopment of any property in the Area, the Redeveloper (which term shall include Redeveloper, any designees, successors and assigns thereof, and any entity formed to implement the project of which the Redeveloper is a general partner), its contractors and subcontractors will include a clause requiring compliance with all federal, state and local laws, ordinances, or regulations governing equal opportunity and nondiscrimination, the Executive Orders of the Mayor of the City of St. Louis dated December 6, 1984 and January 10, 1990, and all guidelines herein.

The Redeveloper and its contractor will not contract or subcontract with any party known to have been found in violation of any such laws, ordinances, regulations or these guidelines.

In the redevelopment of this Area, there shall be maximum utilization of bona fide minority business enterprises ("MBE's") and women business enterprises ("WBE's"). The Redeveloper will set a minimum goal of twenty-five percent (25%) MBE participation and five percent (5%) WBE participation under these guidelines. In the event the Redeveloper fails to attain that goal, the Redeveloper may be required to show good cause therefor; however, this requirement will be deemed to have been met

when documentation evidences that all available resources (i.e. DBE suppliers, contractors, and subcontractors) willing to perform the work or provide the supplies-- at a price which (i) is within the range requested by non-DBE's; or (ii) if higher than that requested by non-DBE's, is attributable to the effects of past discrimination--have been exhausted.

For purposes of this section, the term "minority business enterprise" (or "MBE") means a business at least fifty-one percent (51%) of which is owned and controlled by minority group members. The term "women business enterprise" (or "WBE") means a business at least fifty-one percent (51%) of which is owned and controlled by females.

The Redeveloper will certify and agree in writing that it is under no contractual or other disability which would prevent it from complying with the requirements set forth herein.

The Redeveloper agrees for itself and its successors and assigns, that there shall be covenants to ensure that there shall be no discrimination on the part of the Redeveloper, its successors or assigns upon the basis of race, color, religion, national origin, sex, marital status, age or physical handicap in the sale, lease, rental, use or occupancy of any property, or improvements erected or to be erected in the Area or any part thereof, and those covenants shall run and shall be enforceable by the LCRA, the City of St. Louis, and the United States of America, as their interests may appear in the project.

The Redeveloper agrees that if the redevelopment of the Area creates permanent jobs, it shall enter into an Employment Plan with the Saint Louis Agency on Training and Employment (SLATE) and the LCRA for referral of Jobs Training Partnership Act (JTPA) eligible individuals. Said plan shall specify the number of jobs to be covered by the Employment Plan, the target date for referrals to begin, and the procedure for referral.
